BTech in CSE | IIIT Bhagalpur

EDUCATION

Indian Institute of Information Technology, Bhagalpur <i>Bachelor of Technology in Computer Science and Engineering CGPA: 7.74/10.0</i>	Nov 2022 – Jun 2026
Alok SR SEC School, Rajasthan <i>Higher Secondary Education (12th) 76.20%</i>	2020
Saraswati Bal VM SR SEC School, Rajasthan <i>Secondary Education (10th) 81.0%</i>	2018

TECHNICAL SKILLS

Programming Languages: C, C++, Java, JavaScript, TypeScript, HTML5, CSS3, SQL
Frameworks & Libraries: React.js, Node.js, Express.js, Tailwind CSS, Bootstrap, Redux, shadcn/ui
Databases & Cloud: MySQL, MongoDB, PostgreSQL, Neon Serverless DB
Developer Tools: Git, GitHub, VS Code, Postman, PgAdmin, Docker, Cloudinary, Swagger, Webpack
Core Subjects: Data Structures & Algorithms, DBMS, Operating Systems, Computer Networks

EXPERIENCE

Freelance Frontend Developer Cricket Studio Analytics Platform	May 2025 – Aug 2025
– Designed cricket analytics platform similar to ESPN with real-time scoring interface serving 100+ users – Built responsive frontend using Next.js/TypeScript with Cloudinary integration for image handling – Implemented cricket scorer logic and live score APIs, achieving 95% uptime and 2.5s load time	
Freelance Frontend Developer Groomees – Beauty Services Platform	July 2026 – Aug 2026
– Developed scalable web features using React.js, JavaScript, and Tailwind CSS for a customer-facing platform. – Built reusable UI components for services, products, cart, checkout, bookings, orders, and profile modules. – Integrated RESTful APIs using Swagger documentation and optimized state management for seamless interactions. – Converted Figma designs into responsive, pixel-perfect user interfaces across desktop and mobile devices. – Implemented media fallbacks, location-based serviceability, and performance optimizations for user experience.	

PROJECTS

Hotel Booking web Application React, Node.js, Express, Prisma, Neon, Tailwind CSS, Stripe — Live Demo	2024
– Developed full-stack hotel booking platform with Stripe payment integration and real-time room availability – Designed admin dashboard for revenue tracking, booking management, and automated confirmation workflows – Optimized application and database queries, achieving 95% mobile responsiveness and 99.9% uptime on Vercel	
Peer-to-Peer College Networking Platform React, TailwindCSS, Shadcn/UI, WebSockets — Live Demo	2025
– Built responsive and modular UI components for real-time chat, post feeds, and user interactions – Integrated WebSocket-based messaging supporting media sharing, presence status, and read receipts – Improved real-time performance, maintaining stable interactions for 100+ concurrent users – Optimized application rendering and state handling, reducing load times by 35% across major user flows	

ACHIEVEMENTS & CERTIFICATIONS

Competitive Programming — Codolio Profile	2026
– Solved 620+ coding problems across LeetCode, GeeksforGeeks, CodeStudio, and Codeforces while maintaining 200+ active coding days	
Data Structures & Algorithms Certification Apna College	2024
– Completed 120-hour advanced DSA course in C++ with 400+ problems solved	
Full-Stack Development Certification Apna College	2023
– Mastered MERN stack development with 8+ projects showcasing full-stack integration
